

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sabel Hyso
DOCKET NO.: 10-04145.001-R-1
PARCEL NO.: 03-25-322-019

The parties of record before the Property Tax Appeal Board are Sabel Hyso, the appellant, by attorney John P. Booras, of The Law Offices of John P. Booras in Hickory Hills; and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,140
IMPR.: \$106,940
TOTAL: \$158,080

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story single family dwelling of brick and frame construction that contains 3,188 square feet of living area. The dwelling is 8 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and an attached garage containing 409 square feet of building area. The property is located in Elmhurst, Addison Township, DuPage County.

The appellant, through counsel, submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. The evidentiary documentation to support the overvaluation claim consists of eight suggested comparables located within 0.6 miles of the subject. The comparables are two-story brick or brick and frame dwellings that ranged in age from 1 to 6 years old. The comparables had full or partial basements, air conditioning, one or two fireplaces and a garage ranging in size from 588 to 775 square feet of building area. The comparables contain from 3,244 to 3,755 square feet of living area. The comparables sold from June 2009 to January 2011 for

prices ranging from \$475,000 to \$595,925 or from \$143.81 to \$167.56 per square foot of living area, including land. The subject's assessment of \$189,500 reflects a market value of \$569,411 using the 2010 three-year average median level of assessments for DuPage County of 33.28% as determined by the Illinois Department of Revenue. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review did not timely submit its "Board of Review Notes on Appeal" and evidence in support of the assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. (86 Ill. Adm. Code §1910.65(c)). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value in the record are the comparable sales submitted by the appellant. The Board finds the subject's assessment reflects a market value greater than the comparable sales presented by the appellant. The Board placed greater weight on the appellant's comparable #1 as being most similar to the subject and with a sale date in close proximity to the assessment date in question. The board of review did not timely submit any evidence in support of the assessment of the subject property or to refute the appellants' argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. (86 Ill. Adm. Code 1910.40(a) & 1910.69(a)). Based on this record the Property Tax Appeal Board finds the subject's assessment reflects a market value that is in excess of the market values submitted in this record and a reduction in the subject's assessment is justified.

As a result of this analysis, the Property Tax Appeal Board finds the appellant has adequately demonstrated that the subject dwelling was overvalued by a preponderance of the evidence herein and a reduction is warranted commensurate with the evidence submitted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
