

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth J. Dalke  
DOCKET NO.: 10-20217.001-R-1  
PARCEL NO.: 23-32-301-020-0000

The parties of record before the Property Tax Appeal Board are Kenneth J. Dalke, the appellant, by attorney John P. Fitzgerald, of Fitzgerald Law Group, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 10,127  
**IMPR.:** \$ 56,180  
**TOTAL:** \$ 66,307

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of 40,510 square feet of land improved with a 23-year old, one and one-half story, masonry, single-family dwelling. The improvement contains 4,543 square feet of living area as well as a full basement, two full and one half-baths, one fireplace, and a three and one-half car garage.

The appellant argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment data for three suggested comparables located within a four block radius of the subject. They are improved with a two-story, single-family dwelling with frame and masonry exterior construction. They range: in age from 31 to 50 years; in improvement size from 2,096 to 8,640 square feet of living area; and in improvement assessments from \$10.39 to \$11.08 per square foot. The subject's improvement assessment is at \$12.37 per square foot of living area. The properties also include varying amenities. Based upon this analysis, the appellant requested a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$66,307. The board of review submitted descriptive and assessment data relating to four suggested comparables. They are improved with a one-story or one and one-half story, masonry, single-family dwelling. The improvements range: in age from 3 to 20 years; in size from 4,309 to 4,867 square feet of living area; and in improvement assessments from \$12.44 to \$13.19 per square foot. As a result of its analysis, the board requested confirmation of the subject's assessment.

After considering the arguments as well as reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the data, the Board finds that the appellant has not met this burden and that a reduction is not warranted.

In totality, the Board finds that the board of review's comparables are most similar to the subject in style, improvement age, size, and/or amenities. In analysis, the Board accorded most weight to these comparables with adjustments thereto. The comparables range in improvement assessments from \$12.44 to \$13.19 per square foot of living area. The subject's improvement assessment at \$12.37 per square foot is below the range established by these comparables.

Therefore, the Board finds that the evidence does support the subject's assessment and that a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
