

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Reinhardt
DOCKET NO.: 10-20424.001-R-1
PARCEL NO.: 16-06-307-016-0000

The parties of record before the Property Tax Appeal Board are Susan Reinhardt, the appellant, by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,282
IMPR.: \$51,593
TOTAL: \$59,875

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of stucco construction containing 2,412 square feet of living area. The dwelling was 98 years old. Features of the home include a full unfinished basement, central air conditioning and a 2.5-car detached garage. The property has a 9,744 square foot site and is located in Oak Park, Oak Park Township, Cook County.

The appellant's appeal is based on assessment equity. The appellant submitted information on four comparable properties described as two-story dwellings of frame construction that ranged in size from 2,304 to 2,629 square feet of living area. The dwellings ranged in age from 90 to 123 years old. Each comparable has the same neighborhood code as the subject property. Features of the comparables include a full basement, and central air conditioning. Two of the comparables have finished recreation rooms in the basement and three of the comparable have attic living area. One comparable has two fireplaces and one comparable has one fireplace. One comparable has a one-car garage and two comparables have two-car garages.

The comparables have improvement assessments ranging from \$41,693 to \$47,628 or from \$17.41 to \$18.26 per square foot of living area. The subject's improvement assessment is \$51,593 or \$21.39 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$43,201 or \$17.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties improved with two-story dwellings of frame and masonry or stucco construction that range in size from 2,225 to 2,575 square feet of living area. The dwellings ranged in age from 86 to 95 years old. Each has the same neighborhood code as the subject property. Features of the comparables include a full or partial unfinished basement, a fireplace and 2 to 2.5-car garages. Two of the comparables have central air conditioning. These properties have improvement assessments ranging from \$51,075 to \$56,738 or from \$20.30 to \$25.50 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The parties to the appeal submitted a total of eight comparable properties into the record for the Board's consideration. The Board finds the appellant's comparable #4 and the board of review comparables are the most similar to the subject in location, size, style, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These

comparables had improvement assessments that ranged from \$18.26 to \$25.50 per square foot of living area. The subject's improvement assessment of \$21.39 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitable. Therefore, the Board finds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
