

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Keefe / Horace Partners  
DOCKET NO.: 10-20940.001-C-1  
PARCEL NO.: 14-08-116-045-0000

The parties of record before the Property Tax Appeal Board are Richard Keefe / Horace Partners, the appellant, by attorney Christopher Mullen, of Mullen Law Offices in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$63,375  
**IMPR:** \$170,625  
**TOTAL:** \$234,000

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a three-story apartment building containing 30 units and 22,308 square feet of building area. There are 9 one-bedroom, 11 two-bedroom and 10 three-bedroom units. The building was constructed in 1914 and is located on a 13,000 square foot site.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. In support of this overvaluation argument the appellant submitted an appraisal estimating the subject property had a market value of \$1,800,000 as of January 1, 2010. The appraisers developed both the income and sales comparison approaches to value in estimating a value for the subject property.

The appraisal indicated that the income approach to value is based upon the principle of anticipation. Seven rental properties were reviewed resulting in an estimated potential rental income for the subject of \$433,200. Less a 5% vacancy and collection loss and total expenses of \$198,772 resulted in a net

operating income estimate of \$212,768. Applying an 11.55% capitalization rate reflected a value estimate under the income approach of \$1,840,000, rounded.

Under the sales comparison approach to value the appraisers utilized five comparable sales in estimating a value for the subject property. The comparable sales sold from October 2007 through August 2009 for prices that ranged from \$46,375 to \$66,666 per apartment unit, land included. After making adjustments to the properties, the appraiser estimated the subject's market value to be \$57,500 per unit or \$1,725,000 as of January 1, 2010.

A final reconciliation of the two approaches yielded an opinion of value for the subject property of \$1,800,000 as of January 1, 2010.

The appellant also submitted a copy of the final decision issued by the Cook County Board of Review establishing a total assessment for the subject of \$278,404, which reflects a market value of approximately \$2,141,569 using the Cook County Real Property Assessment Classification Ordinance level of assessments for class 3-15 property of 13%. Based on this evidence the appellant requested the subject's assessment be reduced to reflect the subject's appraised value.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3<sup>rd</sup> Dist. 2002). Proof of the market value of the subject property may consist of an appraisal of the subject property as of the assessment date at issue. (86 Ill.Admin.Code 1910.65(c)(1)). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value in the record is the appraisal submitted by the appellant estimating the subject property had a market value of \$1,800,000 as of January 1, 2010. The Board finds the subject's assessment reflects a market value greater than the appraised value presented by the appellant. The board of review did not submit any evidence in support of its assessment of the subject property or to refute

the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. Based on this record the Property Tax Appeal Board finds the subject property had a market value of \$1,800,000 as of January 1, 2010. Since market value has been determined the 13% level of assessment for class 3-15 property under the Cook County Real Property Assessment Classification Ordinance shall apply. 86 Ill.Admin.Code 1910.50(c)(3).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
