

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karlyn Ivan  
DOCKET NO.: 10-21040.001-R-1  
PARCEL NO.: 28-22-306-065-0000

The parties of record before the Property Tax Appeal Board are Karlyn Ivan, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,761  
**IMPR.:** \$13,389  
**TOTAL:** \$16,150

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of an 8,498 square foot parcel of land improved with a 40-year old, two-story, frame and masonry, single-family dwelling containing 2,792 square feet of living area. The appellant argued that the market value of the subject property is not accurately reflected in its assessed value.

In support of this overvaluation argument the appellant submitted a copy of the settlement statement showing property sold in October 2010 for \$159,900. Section 700 of the settlement statement indicates that a realtor was involved in the sale. Based on this evidence the appellant requests a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$20,901 was disclosed. This assessment reflects a market value of \$206,941 using the Illinois Department of Revenue's 2010 three year median level of assessment for class 2 property of 10.10%.

In support of the subject's assessment, the board of review presented descriptions and assessment information on four properties suggested as comparable. The properties are described as two-story, frame or frame and masonry, single-family dwellings. The properties range: in age from 12 to 47 years; in size from 2,116 to 2,585 square feet of living area; and in improvement assessments from \$9.40 to \$10.95 per square foot of living area. These properties sold from February to August 2008 for prices ranging from \$165,000 to \$320,000. The evidence also lists the previous sale of the subject in July 2008 for \$220,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the testimony, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331Ill.App.3d 1038 (3<sup>rd</sup> Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2<sup>nd</sup> Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the evidence presented, the PTAB concludes that the evidence indicates a reduction is warranted.

The PTAB finds the best evidence of the subject's market value is the sale of the subject in October 2010 for \$159,900. The settlement statement shows that realtor's were involved in the sale which supports the arm's length nature of this sale.

Based on this record the Property Tax Appeal Board finds that the subject property had a market value of \$159,900 for the 2010 assessment year. Since market value has been determined, the 2010 three year median level of assessment of 10.10% for class 2 property as established by the Illinois department of Revenue shall apply and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
