

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Block
DOCKET NO.: 10-22047.001-R-1
PARCEL NO.: 28-23-128-027-0000

The parties of record before the Property Tax Appeal Board are James Block, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,442
IMPR.: \$ 7,062
TOTAL: \$ 10,504

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of 22,950 square feet of land improved with a 37-year old, split-level, frame, single-family dwelling. The improvement includes a partial basement, one full and one-half bathrooms, one fireplace and a one-car garage.

The appellant raised two arguments: that the improvement's size proffered by the county is inaccurate; and that the market value of the subject property is not accurately reflected in the property's assessed valuation as the bases of this appeal.

As to the subject improvement's size, the appellant submitted a residential appraisal report reflecting 1,244 square feet of living area. In contrast, the board of review submitted a copy of a property characteristic printout reflecting 1,222 square feet of living area.

In support of the market value argument, the appellant submitted a residential appraisal summary report of the subject property with an effective date of October 2, 2010. The appraiser estimated a market value for the subject of \$104,000, based upon developed of two of the traditional approaches to value: the cost approach and the sales comparison approach.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$11,000. The subject's assessment reflects a market value of \$108,911 using the Illinois Department of Revenue median level of assessment for class 2, residential property of 10.10% for tax year 2010.

In addition, the board of review submitted detailed descriptive and assessment data on four suggested equity comparables. These properties ranged in improvement assessments from \$11.67 to \$14.27 per square foot. Based upon this evidence, the board requested confirmation of the subject's assessment.

After considering the arguments and reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

As to the issue of the subject's size, the Board finds that the best evidence was submitted by the appellant; therefore, the subject's improvement contains 1,244 square feet of living area.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331Ill.App.3d 1038 (3rd Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the evidence presented, the Board concludes that the appellant has met this burden and that a reduction is warranted.

In determining the fair market value of the subject property, the Board thoroughly considered the parties' evidence and finds the best evidence to be the appellant's appraisal. The Board finds this appraisal to be persuasive for the appraiser inspected the subject property and developed both the cost approach and the sales comparison approach to value in estimating the subject's market value. Moreover, market data was used to develop the cost approach as well as to obtain improved sale comparables while providing sufficient detail regarding each sale as well as appropriate adjustments, where necessary.

Therefore, the Board finds that the subject property contained a market value of \$104,000 for tax year 2010. Since the market value of the subject has been established, the median level of assessment as determined by the Illinois Department of Revenue for class 2, residential property of 10.10% will apply. Therefore, the Board finds that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
