

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gregory Kosar
DOCKET NO.: 10-23139.001-C-1 through 10-23139.002-C-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Gregory Kosar, the appellant, by attorney Michael E. Crane, of Crane and Norcross in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
10-23139.001-C-1	18-03-323-045-0000	4,356	48,355	\$52,711
10-23139.002-C-1	18-03-323-046-0000	4,663	23,784	\$28,447

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story, commercial building containing 3,910 square feet of building area. It is situated on a 6,013 square foot site and was constructed in 1923

and 1956. The property is located in Brookfield, Lyons Township, Cook County. The property is a class 5-17 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted a summary appraisal report containing a brief recapitulation of the appraiser's data, analyses, and conclusions. Supporting documentation was retained in the appraiser's file. The cost, income and sales comparison approaches were each limited to one page in length, and the appraisal estimated the subject property had a market value of \$175,000 as of January 1, 2008.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the total assessment for the subject of \$81,158. The subject's assessment reflects a market value of \$324,632 or \$83.02 per square foot of building area, including land, when applying the 25% assessment level for commercial properties under the Cook County Classification of Real Property Ordinance. In support of the subject's assessment, the board of review also submitted a property record card for the subject, as well as raw sales data for 10 retail or storefront properties located within two and one-half miles of the subject. The sales range: in size from 2,500 to 4,764 square feet of building area; in sale date from 2005 to 2010; and in price from \$268,000 to \$1,140,000, or \$107.20 to \$260.66 per square foot, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board does not find the appraiser's conclusion of value to be persuasive, as the appraisal lacked: any qualitative and quantitative reasoning for any adjustments; details regarding the sale conditions; and any evidence that the sales were arm's-length transactions. Additionally, the sales comparables ranged

in building size from 14,050 to 22,792 square feet, with the subject containing only 3,910 square feet of building area. Typically smaller buildings tend to sell for a higher value per square foot than larger buildings, however, the appraiser valued the subject at the low end of the range of his sale comparables. Accordingly, the Board gives diminished weight to this appraisal and finds that the estimate of value for the subject property is unreliable.

The Board will, however, examine the unadjusted sales comparables submitted by the parties. The Board notes that the best comparables contained in the record are the board of review's comparables #1, #2, #4, #6 and #10. These unadjusted sale comparables range in value from \$107.20 to \$260.66 per square foot, including land. The subject's current assessment reflects a market value of \$83.02 per square foot, including land, which is below the range of the best comparables contained in the record. After considering the similarities and differences between the subject and comparables, the Board finds that a reduction in assessment is not warranted based on overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
