

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tim Tsui
DOCKET NO.: 10-23208.001-R-1
PARCEL NO.: 18-19-102-008-0000

The parties of record before the Property Tax Appeal Board are Tim Tsui, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 12,760
IMPR.: \$ 93,466
TOTAL: \$ 106,226

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 22,192 square foot parcel of land improved with a 22-year old, two-story, masonry, single-family dwelling containing 4,386 square feet of living area, two and one-half baths, two fireplaces, air conditioning and a full, unfinished basement. The appellant argues that subject is inequitably assessed as the basis of this appeal.

In support of the equity argument, the appellant submitted information on a total of four properties suggested as comparable. The properties are described as two-story, masonry, frame or frame and masonry, single-family dwellings. The properties have varying amenities. They range: in age from 7 to 22 years; in size 3,741 to 5,161 square feet of living area; and in improvement assessments from \$18.04 to \$20.40 per square foot

of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's improvement assessment of \$93,466 or \$21.31 per square foot of living area was disclosed. In support of the subject's assessment, the board of review submitted descriptions and assessment information on four properties. These properties are described as two-story, frame, masonry, stucco or frame and masonry, single-family dwellings with various amenities. The properties range: in age from 14 to 19 years; in size from 3,804 to 4,506 square feet of living area; and in improvement assessments from \$22.05 to \$25.39 per square foot of living area. As a result of this analysis, the board requested confirmation of the subject's assessment.

After considering the evidence and reviewing the record, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The parties presented a total of eight properties suggested as comparable. The PTAB finds the appellant's comparables #1 and #2 and the board of review's comparables #2 and #3 most similar to the subject in size, design, construction, location, and/or age. These properties range: in age from 15 to 19 years; in size from 3,741 to 4,466 square feet of living area; and in improvement assessments from \$19.19 to \$25.39 per square foot of living area. In comparison, the subject's improvement assessment of \$21.31 per square foot of living area is within the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the PTAB finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
