

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ted A. Platos
DOCKET NO.: 10-23209.001-R-1
PARCEL NO.: 19-32-206-006-0000

The parties of record before the Property Tax Appeal Board are Ted A. Platos, the appellant, by attorney John P. Fitzgerald, of Fitzgerald Law Group, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,482
IMPR.: \$ 27,018
TOTAL: \$ 30,500

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of 8,195 square feet of land improved with a 50-year old, two-story, masonry, mixed-use building with three commercial units and one residential unit therein. The improvement contains 6,450 square feet of building area.

The appellant argued that the market value of the subject property is not accurately reflected in the property's assessed valuation as the bases of this appeal.

In support of the market value argument, the appellant submitted a summary appraisal report of the subject property with an effective date of January 1, 2010. The appraisal indicated that an inspection was undertaken of the subject on May 24, 2011. The highest and best use as vacant would be for commercial development, while the highest and best use as improved, is the property's current use. The appraisers estimated a market value for the subject of \$305,000, based upon development of the sales comparison approach to value. Moreover, the appellant's pleadings indicate that the requested total assessed value for the subject is \$30,500.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$59,735. The subject's assessment reflects a market value of \$668,177 using the Illinois Department of Revenue median level of assessment for class 2, residential or mixed-use property of 8.94% for tax year 2010.

In addition, the board of review submitted detailed descriptive and assessment data on three suggested equity comparables. These properties ranged in improvement assessments from \$8.72 to \$9.93 per square foot. The subject's improvement assessment is \$8.72 per square foot. In addition, the grid reflects that property #1 sold on June 1, 2008 for a price of \$700,000 or \$119.05 per square foot. Based upon this evidence, the board requested confirmation of the subject's assessment.

After considering the arguments and reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. After submission of evidence, the parties waived the right to hearing.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331Ill.App.3d 1038 (3rd Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the evidence presented, the Board concludes that the appellant has met this burden and that a reduction is warranted.

In determining the fair market value of the subject property, the Board thoroughly considered the parties' evidence and finds the best evidence to be the appellant's appraisal. The Board finds this appraisal to be persuasive for the appraisers personally inspected the subject property and developed the sales comparison approach to value in estimating the subject's market value. Moreover, market data was used to obtain improved sale comparables while providing sufficient detail regarding each sale as well as appropriate adjustments, where necessary.

The Board further finds that the board of review submitted raw and incomplete market data relating to one solitary equity property, which unadjusted is unpersuasive.

In conclusion, the Board finds that the market evidence supports the appellant's requested reduction; therefore, the Board finds that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
