

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

GaAPPELLANT: Alejandro Ayala  
DOCKET NO.: 10-24686.001-R-1  
PARCEL NO.: 13-30-133-016-0000

The parties of record before the Property Tax Appeal Board are Alejandro Ayala, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 4,748  
**IMPR.:** \$ 24,971  
**TOTAL:** \$ 29,719

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject has 3,392 square feet of land, which is improved with a two-story, frame and masonry, mixed-use building. The subject's improvement size is 2,611 square feet of building area, which equates to an improvement assessment of \$9.56 per square foot of building area. The appellant argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment information for three properties suggested as comparable to the subject. The comparables are described as two-story, masonry or frame and masonry, mixed-use buildings. Additionally, the comparables have from 3,825 to 4,612 square feet of building area, and have improvement assessments ranging from \$2.21 to \$4.43 per square foot of building area. All of the appellant's comparables are prorated with other properties. The comparables also have several

amenities. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's improvement assessment of \$24,971 was disclosed. In support of the subject's assessment, the board of review submitted descriptive and assessment information for four properties suggested as comparable to the subject. The comparables are described as one-story or two-story, masonry, mixed-use buildings. Additionally, the comparables range: in age from 60 to 83 years; in size from 2,002 to 2,152 square feet of building area; and in improvement assessments from \$12.40 to \$13.84 per square foot of building area. The comparables also have several amenities. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has not met this burden.

The Board finds that none of the comparables submitted by the parties were similar to the subject in location, size, style, exterior construction, features, and/or age. As such, the Board

finds that the appellant has not met the burden of clear and convincing evidence, as there is no range of equity comparables with which to compare the subject. Therefore, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
