

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alex Shore
DOCKET NO.: 10-24864.001-I-1
PARCEL NO.: 08-26-301-031-0000

The parties of record before the Property Tax Appeal Board are Alex Shore, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$117,030
IMPR: \$61,720
TOTAL: \$178,750

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a single-story, masonry constructed, industrial building with 28,400 square feet of building area. The building was constructed in 1971. The building has 2,287 square feet of office space with 8 foot ceilings, clear ceiling heights in the warehouse area of 14 feet, four washrooms in the office, three washrooms in the

warehouse, five depressed truck docks and four overhead drive-in doors. The property has a 72,019 square foot site resulting in a land to building ratio of 2.54:1. Site improvements include asphalt parking, concrete drive-ways and sodium lighting. The property is located in Elk Grove Village, Elk Grove Township, Cook County. The property is classified as a class 5-93 industrial building under the Cook County Real Property Assessment Classification Ordinance (hereinafter "Ordinance") with an Ordinance level of assessment of 25% of market value.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$715,000 as of January 1, 2010. The three approaches to value were developed by the appraisers in estimating the market value of the subject property. The appraisal report indicated that the subject property was in fair to poor overall condition with deferred maintenance and repair needed for such items as major roof leaks, damaged exterior concrete panels, damaged interior concrete block walls, spot tuck pointing, a damaged sewer line resulting in flooding in the warehouse and two inoperable truck docks.

The appellant also submitted a copy of the board of review final decision disclosing a total assessment of \$248,499, which reflects a market value of \$993,996 when applying the Ordinance level of assessment for class 5-93 property of 25%. Based on this evidence the appellant requested the subject's assessment be reduced to reflect the appraised value.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value in this record to be the appraisal submitted by the appellant estimating the subject property had a market value of \$715,000 as of January 1, 2010. The subject's assessment reflects a market value above the appraised value. The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. 86 Ill.Admin.Code §1910.40(a) & §1910.69(a). The Board has examined the information submitted by the appellant and finds that it supports a reduction in the assessed valuation of the subject property.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
