

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Russell Umeki  
DOCKET NO.: 10-26296.001-R-1  
PARCEL NO.: 13-15-112-006-0000

The parties of record before the Property Tax Appeal Board are Russell Umeki, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 8,785**  
**IMPR.:    \$ 17,320**  
**TOTAL:    \$ 26,105**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject has 5,857 square feet of land, which is improved with a 99 year old, one and one-half-story, frame, single-family dwelling. The subject's improvement size is 1,460 square feet of living area, and its total assessment is \$37,898. This assessment yields a fair market value of \$423,915, or \$290.35 per square foot of living area (including land), after applying the 2010 Illinois Department of Revenue three year median level of assessment for Class 2 properties of 8.94%. The appellant argued that the fair market value of the subject property was not accurately reflected in its assessed value as the basis of this appeal.

In support of the market value argument, the appellant submitted descriptive and sales information for four sales comparables. The comparables are described as one-story or one and one-half-story, single-family dwellings. Additionally, the comparables are from 86 to 96 years old, and have from 1,299 to 1,800 square feet of living area. The comparables also have

several amenities. The comparables sold between July 2009 and August 2010 for \$220,000 to \$325,000, or \$12.93 to \$17.40 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's total assessment of \$37,898 was disclosed. In support of the subject's assessment, the board of review submitted descriptive and assessment information for four properties suggested as comparable to the subject. The comparables are described as one-story or one and one-half-story, frame, masonry, or frame and masonry, single-family dwellings. Additionally, the comparables range: in age from 71 to 87 years; in size from 888 to 1,694 square feet of living area; and in improvement assessments from \$17.45 to \$25.30 per square foot of living area. The comparables also have several amenities. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal and at hearing, the appellant argued that the board of review's equity comparables should not be considered by the Board because they do not address his market value argument.

After reviewing the record, considering the evidence, and hearing the testimony, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed, the appellant has the burden of proving the value of the property by a preponderance of the evidence. Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 339 Ill. App. 3d 529, 545 (1st Dist. 2002); National City Bank of Michigan/Illinois v. Prop. Tax Appeal Bd., 331 Ill. App. 3d 1038, 1042 (3d Dist. 2002) (citing Winnebago Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 313 Ill. App. 3d 179 (2d Dist. 2000)); 86 Ill. Admin. Code § 1910.63(e). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. Calumet Transfer, LLC v. Prop. Tax Appeal Bd., 401 Ill. App. 3d 652, 655 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(c). Having considered the evidence presented, the Board finds that the evidence indicates a reduction is warranted.

The Board finds that Comparables #2, #3, and #4 submitted by the appellant were most similar to the subject in location, size, style, exterior construction, features, and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had a price per square foot that ranged from \$159.54 to \$218.87, including land. The subject's price per square foot of \$290.35 is above the range established by the most similar comparables. Therefore, after considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds that the subject is overvalued, and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
