

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas & Sheila Mahoney
DOCKET NO.: 10-27768.001-R-1
PARCEL NO.: 04-10-106-012-0000

The parties of record before the Property Tax Appeal Board are Thomas & Sheila Mahoney, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 6,375
IMPR: \$ 42,273
TOTAL: \$ 48,648**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject has 7,500 square feet of land, which is improved with a 27 year old, two-story, frame, single-family dwelling. The subject's improvement size is 2,977 square feet of living area, which equates to an improvement assessment of \$17.87 per square foot of living area. The appellant argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment information for four properties suggested as comparable to the subject. The comparables are described as two-story, frame and masonry, single-family dwellings. Additionally, the comparables range: in age from 23 to 25 years; in size from 2,489 to 2,912 square feet of living area; and in improvement assessments from \$14.20 to \$14.83 per square foot of living area. The comparables also have various amenities. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's improvement assessment of \$53,199 was disclosed. In support of the subject's assessment, the board of review submitted descriptive and assessment information for four properties suggested as

comparable to the subject. The comparables are described as two-story, frame, masonry, or frame and masonry, single-family dwellings. Additionally, the comparables range: in age from 15 to 27 years; in size from 2,786 to 3,320 square feet of living area; and in improvement assessments from \$18.60 to \$19.15 per square foot of living area. The comparables also have several amenities. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

In rebuttal, the appellant submitted a copy of the board of review's 2011 decision for the subject showing a reduced assessment of \$48,648. The appellant requests that this value be applied to the 2010 assessment.

After reviewing the record, considering the evidence, and hearing the testimony, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has not met this burden.

The Board finds that all of the comparables submitted by both parties were most similar to the subject in location, size, style, exterior construction, features, and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$14.20 to \$19.15 per square foot of living area. The subject's improvement assessment of \$17.87 per square foot of living area is within the range established by the most similar comparables.

However, the Board finds the appellant also included evidence of the 2011 assessment for the subject property. This year is within the 2010 triennial assessment cycle that is the subject of this appeal. The Board finds that "a substantial reduction in the subsequent year's assessment is indicative of the validity of

the prior year's assessment". Hoyne Savings & Loan Assoc. v. Hare, 60 Ill.2d 84, 90, 322 N.E.2d 833, 836 (1974); 400 Condominium Assoc. v. Tully, 79 Ill.App.3d 686, 690, 398 N.E.2d 951, 954 (1st Dist. 1979). Therefore, the Board finds that based upon the county's 2011 assessment reduction, it is appropriate to reduce the appellant's 2010 assessment to \$48,648. Thereby, the Board finds that a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
