

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 1516 Mohawk, LLC
DOCKET NO.: 10-29417.001-R-1
PARCEL NO.: 17-04-108-032-0000

The parties of record before the Property Tax Appeal Board are 1516 Mohawk, LLC, the appellant(s), by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$21,700
IMPR: \$33,728
TOTAL: \$55,428**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject has 3,100 square feet of land, which is improved with a 121 year old, three-story, masonry, apartment building. The subject's improvement size is 4,764 square feet of building area, and its total assessment is \$104,641. This assessment yields a fair market value of \$1,170,481, or \$245.69 per square foot of building area (including land), after applying the 2010 Illinois Department of Revenue three year median level of assessment for Class 2 properties of 8.94%. The appellant, via counsel, argued that the fair market value of the subject property was not accurately reflected in its assessed value, and that the subject should be granted vacancy relief as the bases of this appeal.

In support of the market value argument, the appellant submitted evidence showing that the subject sold in January 2011 for \$620,000. This evidence included a settlement statement and a real estate sale contract. Furthermore, the appellant's

pleadings state that the sale was not between related parties, that the subject was advertised for sale on the open market, that the parties used a real estate broker, and that the sale was not pursuant to a foreclosure or a short sale. Based on this evidence, the appellant requested a reduction in the subject's assessment.

In support of the vacancy argument, the appellant submitted photographs, affidavits, and a rent roll. These documents all tend to show that the subject was in need of repair and vacant when it was purchased in January 2011. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal." However, this evidence was not timely submitted, and the board of review was found to be in default under Sections 1910.40(a) and 1910.69(a) of the Official Rules of the Property Tax Appeal Board. Therefore, the board of review's evidence was not considered in this appeal.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed, the appellant has the burden of proving the value of the property by a preponderance of the evidence. Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 339 Ill. App. 3d 529, 545 (1st Dist. 2002); National City Bank of Michigan/Illinois v. Prop. Tax Appeal Bd., 331 Ill. App. 3d 1038, 1042 (3d Dist. 2002) (citing Winnebago Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 313 Ill. App. 3d 179 (2d Dist. 2000)); 86 Ill. Admin. Code § 1910.63(e). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. Calumet Transfer, LLC v. Prop. Tax Appeal Bd., 401 Ill. App. 3d 652, 655 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(c). "[A] contemporaneous sale between parties dealing at arm's length is not only relevant to the question of fair cash market value, (citations) but would be practically conclusive on the issue of whether an assessment was at full value." People ex rel. Korzen v. Belt Ry. Co. of Chi., 37 Ill. 2d 158, 161 (1967). Having considered the evidence presented, the Board finds that the evidence indicates a reduction is warranted.

In determining the fair market value of the subject property, the Board finds the best evidence to be the sale of the subject in January 2011 for \$620,000. The sale is within one year of the 2010 lien date, and the appellant's pleadings support the arm's-length nature of the transaction because the buyer and seller are not related, the subject was advertised for sale on the open market, real estate brokers were used, and the sale was not pursuant to a foreclosure or a short sale. As stated above, the board of review defaulted, and its evidence was not considered by the Board.

The Board is not persuaded by the appellant's vacancy argument. The Board has no authority to grant a reduction based on inhabitality when the appellant does not own the property on January 1st of the tax year. 35 ILCS 200/9-180. Moreover, the Board finds that the condition of the subject was known by the appellant when the subject was purchased. Thus, the subpar condition was a part of the negotiated, arm's-length sale price of \$620,000.

Therefore, the Board finds the subject had a market value of \$620,000 for the 2010 assessment year. Since the market value of this parcel has been established, the 2010 Illinois Department of Revenue three year median level of assessment for Class 2 property of 8.94% will apply. 86 Ill. Admin. Code § 1910.50(c)(2)(A). In applying this level of assessment to the subject, the total assessed value is \$55,428, while the subject's current total assessed value is above this amount. Therefore, the Board finds that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
