

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Old Irving Limited Partnership  
DOCKET NO.: 10-30027.001-C-1  
PARCEL NO.: 13-23-100-001-0000

The parties of record before the Property Tax Appeal Board are Old Irving Limited Partnership, the appellant, by attorney Leonard Schiller, of Schiller Klein PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 21,971  
**IMPR.:** \$ 153,586  
**TOTAL:** \$ 175,557

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject consists of a three-story, 25,178 square foot, mixed-use building with both retail and residential units. It was constructed in 1919 and is situated on a 10,731 square foot

site. The subject is located in Chicago, Jefferson Township, Cook County. The appellant, via counsel, argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment information for three properties suggested as comparable to the subject. The comparables are described as three-story, masonry, apartment buildings. Additionally, the comparables range: in age from 76 to 93 years; in size from 27,945 to 32,958 square feet of building area; and in improvement assessments from \$5.50 to \$6.10 per square foot of building area. The comparables also have various amenities. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's final assessment of \$246,740 was disclosed. The subject's improvement assessment is \$224,769, which indicates an improvement per square foot value of \$8.93. In support of the subject's assessment, the board of review submitted a property record card for the subject, and raw sales data for five mixed-use, retail/residential buildings located within five miles of the subject. The sales data was collected from the CoStar Comps service, and the CoStar Comps sheets state that the research was licensed to the Cook County Assessor's Office. However, the board of review included a memorandum which states that the submission of these comparables is not intended to be an appraisal or an estimate of value, and should not be construed as such. The memorandum further states that the information provided was collected from various sources, and was assumed to be factual, accurate, and reliable; but that the information had not been verified, and that the board of review did not warrant its accuracy.

The comparables have between 27,227 and 33,650 square feet of building area and sold between April 2005 and June 2007 for \$2,300,000 to \$8,067,000, or \$84.47 to \$279.95 per square foot, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

#### **Conclusion of Law**

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity

bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has met this burden.

The Board finds that all of the comparables submitted by the appellant were most similar to the subject in location, size, style, exterior construction, features, and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$5.50 to \$6.10 per square foot of building area. The subject's improvement assessment of \$8.93 per square foot of building area is above the range established by the most similar comparables. Therefore, after considering adjustments and differences in the appellant's comparables when compared to the subject, the Board finds that the subject's improvement assessment is not equitable, and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
