

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cribs Realty
DOCKET NO.: 10-30313.001-R-1
PARCEL NO.: 25-02-117-025-0000

The parties of record before the Property Tax Appeal Board are Cribs Realty, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,480
IMPR: \$ 4,908
TOTAL: \$ 7,388

Subject only to the State multiplier as applicable.

ANALYSIS

The subject has 3,100 square feet of land, which is improved with a 111 year old, one-story, frame and masonry, single-family dwelling. The subject's improvement size is 798 square feet of living area, which equates to an improvement assessment of \$7.42 per square foot of living area. Its total assessment is \$8,401, which yields a fair market value of \$93,971, or \$117.76 per square foot of living area (including land), after applying the 2010 Illinois Department of Revenue three year median level of assessment for Class 2 properties of 8.94%. The appellant, via counsel, argued that there was unequal treatment in the assessment process of the subject's improvement, and also that the fair market value of the subject property was not accurately reflected in its assessed value as the bases of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment information for eight properties suggested as comparable to the subject. The comparables are

described as one-story or one and one-half-story, frame, single-family dwellings. Additionally, the comparables range: in age from 83 to 126 years; in size from 714 to 888 square feet of living area; and in improvement assessments from \$5.48 to \$6.40 per square foot of living area. The comparables also have various amenities.

In support of the market value argument, the appellant submitted evidence showing that the subject sold in December 2009 for \$18,000. This evidence included a settlement statement and an affidavit. Furthermore, the appellant's pleadings state that the sale was not between related parties, that the subject was advertised for sale on the open market, that the parties used a real estate broker, and that the sale was pursuant to a foreclosure. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal." However, this evidence was not timely submitted, and the board of review was found to be in default under Sections 1910.40(a) and 1910.69(a) of the Official Rules of the Property Tax Appeal Board. Therefore, the board of review's evidence was not considered in this appeal.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed, the appellant has the burden of proving the value of the property by a preponderance of the evidence. Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 339 Ill. App. 3d 529, 545 (1st Dist. 2002); National City Bank of Michigan/Illinois v. Prop. Tax Appeal Bd., 331 Ill. App. 3d 1038, 1042 (3d Dist. 2002) (citing Winnebago Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 313 Ill. App. 3d 179 (2d Dist. 2000)); 86 Ill. Admin. Code § 1910.63(e). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. Calumet Transfer, LLC v. Prop. Tax Appeal Bd., 401 Ill. App. 3d 652, 655 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(c). "[A] contemporaneous sale between parties dealing at arm's length is not only relevant to the question of fair cash market value, (citations) but would be practically conclusive on the issue of whether an assessment was at full value." People ex rel. Korzen v. Belt Ry. Co. of Chi., 37 Ill. 2d 158, 161 (1967).

In addressing the appellant's market value argument, the Board finds that the sale of the subject in December 2009 for \$18,000 was a "compulsory sale." A "compulsory sale" is defined as:

(i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

However, when there is a recent sale of the subject, and that sale is a compulsory sale, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. Calumet Transfer, 401 Ill. App. 3d at 655-56. In this case, the appellant did not submit any such evidence to show that the sale of the subject in December 2009 for \$18,000 was at its fair cash value. Such evidence could have included the descriptive and sales information for recently sold properties that are similar to the subject. See id. at 656. Since there is no evidence that the sale price of the subject was at its fair cash value, the Board finds that the subject is not overvalued and a reduction is not warranted based on market value.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers

who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has met this burden.

The Board finds that Comparables #1, #3, #4, #5, #7, and #8 submitted by the appellant were most similar to the subject in location, size, style, exterior construction, features, and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$5.48 to \$6.40 per square foot of living area. The subject's improvement assessment of \$7.42 per square foot of living area is above the range established by the most similar comparables. Therefore, after considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds that the subject's improvement assessment is not equitable, and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
