

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elena & Pasquale Ungaro
DOCKET NO.: 10-30433.001-R-1
PARCEL NO.: 12-27-405-024-0000

The parties of record before the Property Tax Appeal Board are Elena & Pasquale Ungaro, the appellant(s), by attorney Richard J. Caldarazzo, of Mar Cal Law, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$2,953
IMPR: \$21,168
TOTAL: \$24,121**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject has 4,375 square feet of land, which is improved with a 42 year old, multi-story, masonry, single-family dwelling. The subject's improvement size is 1,344 square feet of living area, which equates to an improvement assessment of \$17.03 per square foot of living area. The appellant, via counsel, argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment information for three properties suggested as comparable to the subject. The comparables are described as multi-story, masonry or frame and masonry, single-family dwellings. Additionally, the comparables range: in age from 18 to 58 years; in size from 1,440 to 1,972 square feet of living area; and in improvement assessments from \$12.40 to \$15.80 per square foot of living area. The comparables also

have various amenities. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal." However, this evidence was not timely submitted, and the board of review was found to be in default under Sections 1910.40(a) and 1910.69(a) of the Official Rules of the Property Tax Appeal Board. Therefore, the board of review's evidence was not considered in this appeal.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has met this burden.

The Board finds that all of the comparables submitted by the appellant were most similar to the subject in location, size, style, exterior construction, features, and/or age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$12.40 to \$15.80 per square foot of living area. The subject's improvement assessment of \$17.03 per square foot of living area is above the range established by the most similar comparables. Therefore, after considering adjustments and differences in both parties'

comparables when compared to the subject, the Board finds that the subject's improvement assessment is not equitable, and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
