

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Musa Agrab
DOCKET NO.: 10-30842.001-R-1
PARCEL NO.: 12-15-120-002-0000

The parties of record before the Property Tax Appeal Board are Musa Agrab, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,484
IMPR: \$ 22,593
TOTAL: \$ 25,077

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 43-year old, masonry, three-story, multi-family dwelling containing 4,486 square feet of living area.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. In support of this overvaluation argument the appellant submitted recent sales data on the subject as well as three sales comparables. The subject sold in January, 2009, for a value of \$280,500 or \$62.53 per square foot. The sales occurred from January to July, 2011 for prices that ranged from \$54.37 to \$78.85 per square foot. The appellant also submitted a copy of the final decision issued by the Cook County Board of Review establishing a total assessment for the subject of \$35,411, which reflects a market value of approximately \$396,096 or \$197.65 per square foot using the Illinois Department of Revenue's three-year median level of assessment for class 2, residential property of 8.94%. Based on this evidence the

appellant requested the subject's assessment be reduced to reflect the subject's appraised value.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). Proof of the market value of the subject property may consist of an appraisal of the subject property as of the assessment date at issue. (86 Ill.Admin.Code 1910.65(c)(1)). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value in the record is the recent sale of the subject submitted by the appellant indicating a market value of \$280,500 as of January 1, 2009. The Board finds the subject's assessment reflects a market value greater than the appraised value presented by the appellant. In addition, the appellant's submitted sales comparables support the subject's sale price.

The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board.

Based on this record, the Property Tax Appeal Board finds the subject property had a market value of \$280,500 as of January 1, 2010. Since market value has been determined, the Board shall apply the appropriate level of assessment. 86 Ill.Admin.Code 1910.50(c)(3).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
