

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patricia Steinway  
DOCKET NO.: 10-31279.001-R-1  
PARCEL NO.: 04-17-202-008-0000

The parties of record before the Property Tax Appeal Board are Patricia Steinway, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 18,900  
IMPR: \$ 23,304  
TOTAL: \$ 42,204**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject has 18,000 square feet of land, which is improved with an 84 year old, one and one-half-story, frame, single-family dwelling. The subject's improvement size is 1,546 square feet of living area, which equates to an improvement assessment of \$15.07 per square foot of living area. The appellant argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment information for four properties suggested as comparable to the subject. The comparables are described as one and one-half-story, frame or frame and masonry, single-family dwellings. Additionally, the comparables range: in age from 45 to 54 years; in size from 1,543 to 1,776 square feet of living area; and in improvement assessments from \$7.63 to \$13.09 per square foot of living area. The comparables also have various amenities. In addition, the appellant states that comparable #2 contains two improvements. Lastly, the appellant states that per the Northbrook Star, a Pioneer Press publication, homes in Northfield Township have dropped over 15% in 2009 and prior to that home values in Northbrook had fallen more than 34-38%. No further evidence was submitted. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's improvement assessment of \$23,304 was disclosed. In support of the subject's assessment, the board of review submitted descriptive and assessment information for four properties suggested as comparable to the subject. The comparables are described as one and one-half-story, frame, single-family dwellings. Additionally, the comparables range: in age from 57 to 71 years; in size from 1,441 to 1,718 square feet of living area; and in improvement assessments from \$15.07 to \$17.47 per square foot of living area. The comparables also have several amenities. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

In rebuttal, the appellant submitted a letter asserting that the appellant's comparables are not similar to the subject because of their younger age, smaller size, and amenities including air, fireplace, and attached garages of which the subject does not contain. In addition, the appellant submitted evidence on one additional comparable. The Official Rules of the Property Tax Appeal Board prohibit the submission of new evidence as rebuttal and, therefore, the four additional comparables cannot be considered by the PTAB. 86 Ill.Admin.Code 1910.66

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has not met this burden.

The Board finds that Comparables #1, and #3 submitted by the appellant, and Comparable #4 submitted by the board of review were most similar to the subject in location, size, style, exterior construction, features, and/or age. Due to their

similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$7.63 to \$17.47 per square foot of living area. The subject's improvement assessment of \$15.07 per square foot of living area is within the range established by the most similar comparables. Therefore, after considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds that the subject's improvement assessment is equitable, and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
