

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Boonkit Tan
DOCKET NO.: 11-02766.001-R-1
PARCEL NO.: 09-08-104-032

The parties of record before the Property Tax Appeal Board are Boonkit Tan, the appellant, and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,410
IMPR: \$147,330
TOTAL: \$198,740

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story dwelling of frame construction with brick trim and with 2,411 square feet of living area. The dwelling was constructed in 2009. Features of the home include a full finished basement, central air conditioning and an attached two-car garage. The

property has a 7,425 square foot site and is located in Downers Grove, Downers Grove Township, DuPage County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables in the Section V grid analysis of the appeal petition. Each of these three comparables is larger in above-grade living area than the subject. These homes range in size from 2,627 to 2,770 square feet of living area and feature full finished basements and a garage ranging in size from 400 to 672 square feet of building area. These comparables have improvement assessments ranging from \$153,200 to \$157,570 or from \$57 to \$59 per square foot of living area, rounded.

In addition, the appellant included a spreadsheet with the subject and 36 other area comparables. These comparables range in size from 2,406 to 2,950 square feet of living area and feature full or partial basements with finished area. These homes were built between 1927 and 2008 with the oldest home having been remodeled in 2007. The subject dwelling is the newest of all of the properties, having been built in 2009. These properties have improvement assessments ranging from \$54 to \$63 per square foot of living area, rounded.

Based on this evidence, the appellant requested a reduced improvement assessment of \$137,427 or \$57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$198,740. The subject property has an improvement assessment of \$147,330 or \$61 per square foot of living area, rounded. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have effective ages ranging from 1996 to 2005. The homes range in size from 2,406 to 2,574 square feet of living area and feature full or partial basements, one of which has finished area. Each home has a fireplace and a garage ranging in size from 506 to 1,122 square feet of building area. These comparables have improvement assessments ranging from \$142,140 to \$156,670 or from \$59 to \$62 per square foot of living area, rounded.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 along with the board of review comparables. These comparables had improvement assessments that ranged from \$59 to \$62 per square foot of living area, rounded. The subject's improvement assessment of \$61 per square foot of living area, rounded, falls within the range established by the best comparables in this record.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. For the foregoing reasons, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed. Therefore, the Property Tax Appeal Board finds that the subject's assessment as established by the board of review is correct and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

DISSENTING:

C E R T I F I C A T I O N

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: August 22, 2014

Allen Castrovillari

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
