

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Iasielo  
DOCKET NO.: 11-03874.001-R-1  
PARCEL NO.: 09-22-313-016

The parties of record before the Property Tax Appeal Board are William Iasielo, the appellant, by attorney Terrence J. Benshoof in Glen Ellyn, and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$49,690  
**IMPR.:** \$87,190  
**TOTAL:** \$136,880

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part two-story and part one-story dwelling of frame and brick construction with 2,648 square feet of living area. The home was constructed in 1976. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 606 square foot

garage. The property is located in Darien, Downers Grove Township, DuPage County.

The appellant appeared through counsel before the Property Tax Appeal Board contending assessment inequity as the basis of the appeal. The appellant did not contest the subject's land assessment. In support of this argument, the appellant submitted information on four suggested equity comparables that have improvement assessments ranging from \$25.20 to \$31.98 per square foot of living area.

Counsel for the appellant, Terrence Benshoof, argued that the neighborhood codes used by the township are not really relevant for a market analysis, but are based on the ages of the dwellings that are in a given area.

Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$72,952 or \$27.55 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,880. The subject property has an improvement assessment of \$87,190 or \$32.93 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables. The board of review's comparable #2 is the same property as the appellant's comparable #1. The board of review's comparables have improvement assessments ranging from \$31.98 to \$33.68 per square foot of living area.

As to the comparables submitted by the appellant's counsel, the board of review's witness, Chief Deputy Assessor for Downers Grove Township Joni Gaddis, testified that comparables #2, #3 and #4 are older when compared to the subject.

Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for

the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The Board finds the parties submitted a total of six comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2, #3 and #4 due to their older ages when compared to the subject. The Board finds the remaining three comparables are most similar to the subject in location, age, size and features. The comparables have improvement assessments ranging from \$31.98 to \$33.68 per square foot of living area. The subject's improvement assessment of \$32.93 per square foot of living area is within this range. After considering adjustments to the comparables, for differences when compared to the subject, the Board finds the subject's improvement assessment is equitable and no reduction is warranted. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and no reduction is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
