

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Emad Toma
DOCKET NO.: 11-20331.001-R-1
PARCEL NO.: 10-24-106-031-0000

The parties of record before the Property Tax Appeal Board are Emad Toma, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 5,175
IMPR.: \$ 5,501
TOTAL: \$ 10,676**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject has 7,667 square feet of land, which is improved with a 48 year old, two-story, masonry, single-family dwelling. The subject's improvement size is 1,455 square feet of living area, and its total assessment is \$37,763. This assessment yields a fair market value of \$397,924, or \$273.49 per square foot of living area (including land), after applying the 2011 Illinois Department of Revenue three year median level of assessment for Class 2 properties of 9.49%. The appellant argued that the fair market value of the subject property was not accurately reflected in its assessed value as the basis of this appeal.

In support of the market value argument, the appellant submitted a residential appraisal report for the subject property with an effective date of March 3, 2010. The appraiser estimated a fair market value for the subject of \$110,000 based on the sales comparison approach to value. The appraiser also conducted an inspection of the subject.

The appellant also submitted evidence showing that the subject sold in September 2010 for \$112,500. This evidence included a settlement statement, affidavit of title and Administrator's Deed. In addition, the appellant submitted a plat of survey. Furthermore, the appellant's pleadings state that the sale was not between related parties, that the subject was advertised for sale on the open market, and that the parties used a real estate broker. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's total assessment of \$37,763 was disclosed. In support of the subject's assessment, the board of review submitted descriptive and assessment information for four properties suggested as comparable to the subject. The comparables are described as two-story or three-story, frame or masonry, single-family dwellings. Additionally, the comparables range: in age from 3 to 31 years; in size from 1,701 to 1,795 square feet of living area; and in improvement assessments from \$19.18 to \$22.94 per square foot of living area. The comparables also have several amenities.

The board of review's grid sheet also states that Comparable #1 sold in December 2009 for \$373,000, or \$219.28 per square foot of living area, including land; Comparable #2 sold in June 2010 for \$381,000, or \$216.35 per square foot of living area, including land; Comparable #3 sold in June 2010 for \$356,500, or \$202.44 per square foot of living area, including land; and that Comparable #4 sold in September 2009 for \$400,000, or \$222.84 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant requested that the Board disregard the board of review's comparables due to the fact that they did not address the appellant's market value argument.

At hearing, the board of review representative requested that the Board take judicial notice of a previously rendered case which the board's representative asserted was on point in this matter. In support thereof, he submitted a copy of said decision to the appellant and the Board. He also argued that the appellant's appraiser was not present at the hearing to testify or be cross-examined and therefore, the appraisal is hearsay.

After reviewing the record, considering the evidence, and hearing the testimony, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed, the appellant has the burden of proving the value of the property by a preponderance of the evidence. Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 339 Ill. App. 3d 529, 545 (1st Dist. 2002); National City Bank of Michigan/Illinois v. Prop. Tax Appeal Bd., 331 Ill. App. 3d 1038, 1042 (3d Dist. 2002) (citing Winnebago Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 313 Ill. App. 3d 179 (2d Dist. 2000)); 86 Ill. Admin. Code § 1910.63(e). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. Calumet Transfer, LLC v. Prop. Tax Appeal Bd., 401 Ill. App. 3d 652, 655 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(c). "[A] contemporaneous sale between parties dealing at arm's length is not only relevant to the question of fair cash market value, (citations) but would be practically conclusive on the issue of whether an assessment was at full value." People ex rel. Korzen v. Belt Ry. Co. of Chi., 37 Ill. 2d 158, 161 (1967). Having considered the evidence presented, the Board finds that the evidence indicates a reduction is warranted.

In determining the fair market value of the subject property, the Board finds the best evidence to be the sale of the subject in September 2010 for \$112,500. The sale is within three months of the 2011 lien date, and the appellant's pleadings support the arm's-length nature of the transaction because the buyer and seller are not related, the subject was advertised for sale on the open market, and real estate brokers were used. The Board gives little weight to the board of review's evidence as it was raw sales data that did not make any adjustments for age, exterior construction, improvement size, improvement type, location, or market conditions.

Therefore, the Board finds the subject had a market value of \$112,500 for the 2011 assessment year. Since the market value of this parcel has been established, the 2011 Illinois Department of Revenue three year median level of assessment for Class 2 property of 9.49% will apply. 86 Ill. Admin. Code § 1910.50(c)(2)(A). In applying this level of assessment to the subject, the total assessed value is \$10,676, while the subject's current total assessed value is above this amount. Therefore, the Board finds that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
