

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christina Eve Pruitt
DOCKET NO.: 11-20361.001-R-1
PARCEL NO.: 16-06-113-039-1005

The parties of record before the Property Tax Appeal Board are Christina Eve Pruitt, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$883
IMPR: \$9,107
TOTAL: \$9,990

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 53-year old, condominium unit located in a 15 unit building located in Oak Park Township. The appellant argues that the market value of the subject property is not accurately reflected in the property's assessed valuation as the basis of this appeal.

In support of this overvaluation argument the appellant submitted a copy of the settlement statement indicating the subject was purchased by the appellant on November 10, 2009 for \$111,000. Section 700 of the settlement statement shows broker's fees due. The petition indicates the subject was listed on the open market through a realtor, was not a transfer between related parties, and a mortgage was not assumed. The appellant argues that the subject now has a market value of \$80,000. Based

on this evidence the appellant requests a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$9,990. The subject's assessment reflects a market value of \$105,269 using the Illinois Department of Revenue's three-year median level of assessment for class 2, residential property of 9.49% for tax year 2011.

In support of the subject's assessment, the board of review also submitted a memo from Dan Michaelides, Cook County Board of Review Analyst. The memorandum shows that one property identification number (PINs), or 10.70% of ownership, within the subject's building sold in 2009 for a total of \$111,000. An allocation of 2% was subtracted from the total sale price for personal property to arrive at a total market value for the building of \$1,016,636. The percentage of ownership for the subject, 10.70%, was then utilized to arrive at a value for the subject of \$108,780. The board also submitted a grid listing the PINs, percentage of ownership, and assessments for the building. This document restates the memorandum and lists an assessed value of \$98,551 for the whole building. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331Ill.App.3d 1038 (3rd Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the evidence presented, the PTAB concludes that the evidence indicates a reduction is not warranted.

The Board finds the best evidence of the subject's market value is the sale of the subject in November 2009 for \$111,000. The Board finds that the subject's current assessment is supported by this sale and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
