

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Richter  
DOCKET NO.: 11-26841.001-R-1  
PARCEL NO.: 17-06-117-030-0000

The parties of record before the Property Tax Appeal Board are Mark Richter, the appellant, by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,725  
**IMPR.:** \$40,175  
**TOTAL:** \$54,900

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story, single-family dwelling of masonry construction. The dwelling is approximately 10 years old and has 3,154 square feet of living area. Features of the home include a full finished basement, central air conditioning and a two-car garage. The property has a 3,100 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on November 12, 2009 for a price of \$549,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$85,582. The subject's assessment reflects a market value of \$855,820 or \$271.34 per square foot of living area, land included, when using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2-78 of 10%.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in November 2009 for a price of \$549,000. The appellant provided evidence demonstrating the sale had some of the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related and that the property sold in settlement of a foreclosure. In further support of the transaction, the appellant submitted copies of the settlement statement and the PTAX-203 Illinois Real Estate Transfer Declaration. The settlement statement revealed that the subject had been advertised for sale. The Board finds the purchase price is below the market value reflected by the assessment.

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction and was not able to refute the contention that the purchase price was

reflective of market value. The board of review presented three comparable sales; however, these properties were multi-family buildings that were dissimilar from the subject property in many characteristics. In fact, two of these comparables were over 100 years older than the subject. As a result, the board of review's market evidence received little weight.

Based on this record, the Board finds the subject property had a market value of \$549,000 as of January 1, 2011. A reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
