

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fuk Ki Chan  
DOCKET NO.: 11-27362.001-R-1  
PARCEL NO.: 17-33-105-042-0000

The parties of record before the Property Tax Appeal Board are Fuk Ki Chan, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,085  
**IMPR.:** \$42,471  
**TOTAL:** \$49,556

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of two improvements situated on one parcel. Dwelling #1 is a three-story multi-family dwelling of masonry construction. Dwelling #1 is approximately 123 years old and has 3,657 square feet of living area. Features include three apartment units and a full unfinished basement. Dwelling #2 is a 1.5-story single-family dwelling of masonry construction. Dwelling #2 is approximately 123 years old and has 1,140 square feet of living area and a full unfinished basement. The property

has a 3,834 square foot site and is located in Chicago, South Chicago Township, Cook County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables for dwelling #1. The appellant did not present any information regarding dwelling #2.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,556. Dwelling #1 has an improvement assessment of \$26,221 or \$7.17 per square foot of living area. Dwelling #2 has an improvement assessment of \$16,250 or \$14.25 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables for dwelling #1. The board of review did not present any comparables regarding dwelling #2.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity for dwelling #1 to be comparable #4 submitted by the appellant. This comparable is the most similar when compared to the subject in exterior construction, size, features and age. The comparable has an improvement assessment of \$7.44 per square foot of living area. Dwelling #1 has an improvement assessment of \$7.17 per square foot of living area, which is below the assessment of the best comparable in this record. The Board finds that the remaining properties submitted by both parties differ significantly from the subject property in either size of living area or age. The appellant's comparables are significantly smaller than the subject at 2,240 or 2,970 square feet of living area and the board of review's comparables are significantly newer than the subject property. The Board gave these properties less weight in its final analysis. Based on the evidence in the record the Board finds the appellant did not demonstrate with clear and convincing evidence that dwelling #1's improvements were inequitably assessed. The Board also finds the appellant failed to present any evidence to dispute the assessment for dwelling #2.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvements were inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
