

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Corey Fifield
DOCKET NO.: 11-28782.001-R-1
PARCEL NO.: 13-27-318-041-0000

The parties of record before the Property Tax Appeal Board are Corey Fifield, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,800
IMPR.: \$ 8,486
TOTAL: \$ 13,286

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a one-story dwelling of masonry construction with 940 square feet of living area. The dwelling is 50 years old. Features of the home include one and one-half baths, a full unfinished basement, central air conditioning, and a two-car garage. The property has a 3,000 square foot site, and is located in Jefferson Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$150,000 as of June 11, 2010. A second appraisal was also submitted, which estimated that the subject property had the same market value of \$150,000 as of December 4, 2010. A comparative market analysis from a Realtor was also submitted with an accompanying email from the Realtor, wherein she estimated that the subject's fair market value was between \$123,000 and \$139,000 according to the MLS. The Realtor further stated that she believed that the subject could be sold for between \$145,000 and \$149,000. The appellant also submitted evidence disclosing the subject property was purchased in November 2009 for a price of \$140,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,451. The subject's assessment reflects a market value of \$215,501, or \$229.26 per square foot of living area, including land, when applying the 2011 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 9.49% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. The board of review also submitted evidence disclosing the subject property was purchased on November 1, 2009 for a price of \$140,000. The board of review also submitted information on four comparable sales.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the undisputed purchase of the subject property in November 2009 for a price of \$140,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length

transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with a listing on the MLS, and it had been on the market for 30 days. In further support of the transaction, the appellant submitted a copy of the sales contract. The Board finds the purchase price is below the market value reflected by the assessment. Based on this record the Board finds the subject property had a market value of \$140,000 as of January 1, 2011. Since market value has been determined the 2011 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 9.49% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
