

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adolfo Ariza  
DOCKET NO.: 11-29778.001-R-1  
PARCEL NO.: 13-13-321-039-1001

The parties of record before the Property Tax Appeal Board are Adolfo Ariza, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 6,765  
**IMPR.:** \$ 30,588  
**TOTAL:** \$ 37,353

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story townhouse of masonry construction containing 2,048 square feet of living area. The property has a 5,638 square foot site and is located in Jefferson Township, Cook County.

The appellant's appeal is based on assessment equity. The appellant submitted information on four comparable properties described as three-story and four-story townhomes of masonry construction that ranged in size from 2,100 to 2,159 square feet of living area. Each comparable has the same neighborhood code as the subject property. The comparables have improvement assessments ranging from \$12.37 to \$16.42 per square foot of living area. The subject's improvement assessment is \$26.56 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$54,400 was disclosed. The board of review presented a memorandum from Warren Fairley, Analyst for the Cook County Board of Review. The memorandum indicated that one sale for \$680,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has/has not met this burden.

The Board finds the appellant's comparables are the most similar to the subject in location, size, style, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$12.37 to \$16.42 per square foot of living area. The subject's improvement assessment of \$26.56 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitable and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
