

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Coogan
DOCKET NO.: 12-03732.001-R-1
PARCEL NO.: 03-17-407-010

The parties of record before the Property Tax Appeal Board are Kevin Coogan, the appellant, by attorney Julia Mezher of Mar Cal Law, P.C. in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,600
IMPR.: \$48,790
TOTAL: \$72,390

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a raised ranch style dwelling of frame and brick construction with 1,312 square feet of living area. The dwelling was constructed in 1976. Features of the home include a full lower level, which is 90% finished, central

air conditioning, a fireplace and a 526 square foot attached garage. The property is located in Wood Dale, Addison Township, DuPage County.

The appellant appeared before the Property Tax Appeal Board, through counsel, contending assessment inequity regarding the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables.

Counsel contended that the appellant's comparables were all located within three blocks of the subject property.

Based on this evidence the appellant's counsel requested the subject's total assessment be reduced to \$68,064 and the improvement assessment be reduced to \$44,464, which was calculated using the average per square foot improvement assessment of the comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,390. The subject property has an improvement assessment of \$48,790 or \$37.19 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on six equity comparables.

At the hearing the board of review called as its witness Dawn Aderholt, Deputy Assessor for Addison Township. Aderholt testified that the appellant's comparables #1 and #2 have built-in garages, unlike the subject's attached garage. Aderholt also testified that the appellant's comparables #3 and #4 are larger dwellings, when compared to the subject.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this

burden of proof and no reduction in the subject's assessment is warranted.

After hearing the testimony and considering the evidence, the Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables had improvement assessments that ranged from \$37.19 to \$37.86 per square foot of living area. The subject's improvement assessment of \$37.19 per square foot of living area falls at the lower end of the range established by the best comparables in this record. The Board gave less weight to the appellant's comparable #1 due to its smaller lower level, dissimilar built-in garage and lack of central air conditioning. The appellant's comparable #2 received less weight due to its smaller lower level and dissimilar built-in garage. The Board also gave less weight to the appellant's comparables #3 and #4 due to their considerably larger sizes. In addition, comparable #3 has a dissimilar built-in garage, unlike the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
