

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tracey & David Becker
DOCKET NO.: 12-29754.001-R-1
PARCEL NO.: 04-17-418-003-0000

The parties of record before the Property Tax Appeal Board are Tracey & David Becker, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 12,757
IMPR.: \$ 36,662
TOTAL: \$ 49,419

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of frame and masonry construction with 3,832 square feet of living area. The dwelling is 38 years old. Features of the home include three and two-half baths, a full unfinished basement, central air conditioning, a fireplace, and a two and one-half-car garage. The property has a 12,150 square foot site, and is located in Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$525,000 as of June 12, 2012. The appellant also submitted evidence disclosing the subject property was purchased on June 27, 2012

for a price of \$510,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price. The appellant also submitted a home inspection report and multiple receipts for improvements done to the subject after its purchase.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,566. The subject's assessment reflects a market value of \$666,316, or \$173.88 per square foot of living area, including land, when applying the 2012 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 9.69% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. The board of review also submitted evidence disclosing the subject property was purchased on June 1, 2012 for a price of \$510,000. The board of review also submitted information on four comparable sales.

In rebuttal, the appellant submitted a printout from the Cook County Assessor's website stating that the subject's assessment was reduced to \$51,000 for tax year 2013.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in June 2012 for a price of \$510,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market with a listing on the MLS, and it had been on the market for two years. In further support of the transaction, the appellant submitted the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$510,000 as of January 1, 2012. Since market value has been determined the 2012 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment
