Appellant's Motion to Dismiss Intervenor

On 04/17/2026, the appellant submitted its motion to dismiss the above intervenors, contending as follows:

- The intervenors' resolutions do not satisfy the requirements of Section 1910.60(d)(2) as they were passed 10 or 13 years ago, do not specify the subject property, and have no start or end date.
- Perpetual contracts are contrary to public policy. *Rico Industries, Inc. v. TLC Group, Inc.*, 2014 IL App (1st) 131522, ¶ 35, 6 N.E.3d 415, 424 (Ill. App.

2014). By authorizing intervention in “any and all” tax years without boundaries or expiration, the resolutions are perpetual in nature and are being used to grant authority to intervene more than ten years after their adoption.

Intervenors’ Response to Appellant’s Motion to Dismiss Intervenors.

The intervenors submitted their response to the motion on May 7, 2026, contending as follows:

- The intervenors complied with all applicable procedural requirements for intervention, and the PTAB has already granted their participation in this appeal, thereby finding compliance with the PTAB’s rules.
- The requirements raised by the appellant are not included in the PTAB’s rules.
- The resolutions are not private commercial sales contracts. The resolutions are terminable by board action and may be repealed. Under *Rico*, the remedy for a purported perpetual contract is not invalidation, but termination at will.

Appellant’s Reply to Intervenors’ Response

On 05/20/2026, the appellant filed its reply to the intervenors’ response, contending as follows:

- The resolutions allow counsel to file for any tax year, any property within the taxing district, without restrictions or specification. The resolutions are an improper blanket delegation of authority.
- The existence of a repeal clause does not negate their perpetual nature.
- The intervenors provide no authority to support their contention that PTAB may not revisit its orders during the appeal proceeding.
- Illinois public policy against perpetual contracts is not limited to commercial contracts.

Appellant’s Brief

On 07/10/2026, the appellant submitted its supplemental brief addressing the five points requested by the PTAB. In the brief, the appellant contends:

- FIRST. Section 1910.60 requires that the resolution be specific to intervention in the particular appeal.
 - The use of “the” before Request to Intervene, resolution, and governing board in Section 1910.60(d)(2) indicates the resolution must relate to the specific document being filed in the particular appeal and the current governing board of the taxing body. The Request to Intervene “must be accompanied by” the resolution, meaning that the resolution must be passed in connection with the specific Request to Intervene.
 - Section 1910.60(e)(1) requires the resolution to be properly adopted, which means the resolution is valid under applicable law, including the non-delegability doctrine and the requirements of the taxing bodies’ enabling statutes.
- SECOND. The resolution requirement is jurisdictional, and the PTAB has authority to revisit or set aside an order allowing the intervention.
 - Without a proper resolution, taxing bodies are not authorized to intervene, and the PTAB has no jurisdiction over them as parties to the appeal.
 - Taxing bodies cannot delegate discretionary powers. The intervenors’ resolutions are dated and do not demonstrate that their current governing boards have decided to intervene

in this appeal. (*Bd. of Trs., Prairie St. Coll. v. Ill. Educ. Lab. Rels. Bd.*, 173 Ill. App. 3d 413 (4th Dist. 1988)).

- PTAB has authority to revisit, modify, or vacate an order and maintains jurisdiction over procedural matters in an appeal until a final decision is issued. (35 ILCS 200/16-195).
- THIRD. The intervenors' resolutions are invalid because litigation authority cannot be delegated.
 - The enabling statutes for each intervenor vest litigation authority in the elected governing body with materially identical terms. (105 ILCS 5/10-2; 60 ILCS 1/85-5, 85-10(a) & (b); 65 ILCS 5/1-1-10 & 5/2-2-12).
 - School boards and municipalities may not delegate discretionary powers. (*Bd. of Trs., Prairie State Coll. v. Ill. Educ. Lab. Rels. Bd.*, 173 Ill. App. 3d 395, 412 (4th Dist. 1988); *Stroh v. Casner*, 201 Ill. App. 281 (3d Dist. 1916); *People v. City of Centralia*, 1 Ill. App. 2d 228, 233 (4th Dist. 1953); *Council of W. Suburban Teachers Union, Loc. 571 v. Bd. of Educ., Proviso Twp. High Sch. Dist. 209*, 160 Ill. App. 3d 1020, 1027 (1st Dist. 1987)).
 - A decision to commit public funds to litigation is a substantive policy choice. A blanket resolution attempts to delegate the elected body's authority whether to litigate to outside counsel.
 - An invalid resolution cannot be validated through repetition or acquiescence through the PTAB's prior acceptance of similar blanket resolutions.
- FOURTH. The appropriate remedy for the submission of a defective resolution is dismissal.
 - The intervenors' resolutions do not satisfy the requirements of Section 1910.60, undermine the taxing bodies' accountability to the public, and are invalid under Illinois law.
 - If a properly adopted resolution is not submitted within the 60-day intervention period, the intervention should be dismissed as provided in the PTAB's rules.
 - A resolution that is "terminable at will" does not cure these defects.
- FIFTH. The Open Meetings Act supports a finding that the intervenors' resolutions are invalid.
 - The Open Meetings Act requires that the public be given notice of and the right to attend all meetings where any business of a public body is discussed or acted on. (5 ILCS 120/1). A decision on whether a taxing district should engage in litigation is business of a public body.
 - The intervenors did not hold meetings in accordance with the Open Meetings Act to authorize this specific intervention. The acts of prior governing boards cannot deprive taxpayers of a forum.

Intervenors' Brief

On 07/10/2026, the intervenors submitted their supplemental brief addressing the five points requested by the PTAB. In the brief, the intervenors contend:

- FIRST. Section §1910.60(d)(2) does not require a resolution authorizing the specific Request to Intervene.
 - Section 1910.60(d)(2) only requires a resolution authorizing a legal representative and has no limits on the duration of the authorization. A general or standing authorization satisfies Section 1910.60(d)(2). Additional requirements that depart from its plain language and meaning should not be read into the rule.

- A resolution is not invalid because the composition of the governing board has changed. Illinois law does not require a successor board to reauthorize a prior board's acts for them to be valid. The intervenors' resolutions are not expired.
- PTAB has historically accepted general or standing resolutions to support intervention. The intervenors did not receive any incomplete notices from the PTAB regarding their submissions.
- SECOND. The resolution requirement is procedural, not jurisdictional, and the PTAB has no authority to act on the appellant's motion.
 - Jurisdiction over the appeal is governed by 35 ILCS 200/16-160. Technical flaws in a resolution do not divest the PTAB of jurisdiction over the appeal.
 - PTAB cannot set aside a Request to Intervene that it has already granted. The time for filing intervention has already passed, and dismissal would not be consistent with the PTAB's mandate to conduct proceedings to achieve substantial justice. (35 ILCS 200/16-180; 86 Ill. Adm. Code § 1910.92).
 - Section 1910.60 does not provide for the dismissal of an intervenor.
- THIRD. The intervenors' resolutions are valid under their enabling statutes.
 - Each intervenor's enabling statute grants broad authority to retain counsel and take actions necessary to protect the taxing body's financial interests. Section 1910.60 presumes that counsel may be authorized to file Requests to Intervene.
 - PTAB has no jurisdiction to adjudicate disputes over the validity or scope of a resolution, and the PTAB's inquiry should end when a facially valid resolution is submitted.
- FOURTH. The appropriate remedy for a defective resolution is to allow the taxing body to submit a revised resolution to correct the defect.
 - PTAB's mandate for informal procedures supports allowing a taxing body to submit a revised resolution. Taxing bodies may ratify past irregular or unauthorized acts to cure defects.
 - Dismissal without a meaningful opportunity to amend would be an abuse of discretion.
- FIFTH. The intervenors' resolutions were approved in accordance with the Open Meetings Act.
 - The appellant does not argue that the resolutions did not comply with the Open Meetings Act.
 - PTAB lacks jurisdiction to adjudicate alleged violations of the Open Meetings Act, which designates the exclusive forums for adjudication.

Appellant's Response Brief

On 07/22/2026, the appellant filed a response brief, contending as follows:

- The intervenors have not addressed their duty to the public and how their use of the dated resolutions has deprived current board members and the public of expressing their opinions.
- The intervenors did not support their contention that the PTAB lacks authority to revisit or modify its orders during an appeal proceeding. The PTAB has authority to determine whether a resolution has been properly adopted under Section 1910.60.
- The intervenors do not address how blanket delegations of authority are valid under their enabling statutes.

- The remedy proposed by the intervenors is not supported by the PTAB’s rules, which do not provide for an extension of time to submit a resolution.
- The intervenors’ resolutions are contrary to the purpose and intent of the Open Meetings Act.

Intervenors’ Response Brief

On 07/28/2026, the intervenors filed a response brief, contending as follows:

- PTAB rules do not require resolutions to reference specific cases or be adopted by current boards. “Properly adopted” does not prohibit blanket authorizations. Intervenors’ resolutions comply with applicable requirements.
- The resolution requirement is procedural, not jurisdictional. PTAB’s jurisdiction arises from timely assessment appeals. A missing resolution makes a filing incomplete, confirming its procedural nature.
- Rule 1910.60 permits general authorization for counsel, and case-specific approval is not required. The taxing bodies’ governing boards exercised their discretion by adopting the resolutions, and counsel’s actions implement board authority. New resolutions are not required for each intervention.
- Dismissal is not an appropriate remedy. No rule or statute mandates dismissal for resolution defects. Resolutions do not need expiration dates and remain valid until changed. If the resolutions are defective, the proper remedy is to grant time to amend them.
- PTAB lacks authority over Open Meetings Act claims. Moreover, the resolutions were properly adopted under OMA.

2023 Tax Year Appeal

The same taxing districts intervened in the 2023 tax year appeal and filed the same appraisal evidence. The appellant did not move to dismiss the intervenors in that matter.

- 07/23/2026–PTAB dismisses the appeal for failure to file timely.

Appellant's Motion to Reinstate Appeal

On 07/24/2026, the appellant's counsel submitted a Motion to Reinstate Appeal, as follows:

- The appellant acknowledges receipt of the incomplete notice and receipt of the 05/07/2026 letter granting an extension of time to 07/06/2026. The appellant states the appellant engaged counsel to assist with correcting the deficiencies.

- The appellant's attorney contends that on or about 07/01/2026, the attorney attempted to submit an amended appeal through the PTAB's e-filing portal, as documented by Exhibit "A":
- The attorney states she was out of town from 07/02/2026 through 07/07/2026, with limited internet access, and did not discover the failed submission until 07/09/2026, when the attorney e-filed a corrected submission.
- The appellant contends good cause existed for the late submission as the attorney reasonably believed the submission had been made prior to the filing deadline and only discovered it had not been successfully filed after realizing no confirmation was received.
- The 3-day delay in filing was inadvertent; the appellant acted in good faith and immediately upon discovering the submission had not been filed; and the appellant intends to present clear and objective evidence to support the petition.

The Administrative Code allows for extensions of time for good cause shown. Illinois Supreme Court Rule 183 permits an extension of time to file or perform any act required by the rules when good cause is shown, subject to submitting the request and providing notice to the opposing party, either before or after expiration.

Appellant's Amended Motion to Reinstate Appeal

On 08/19/2026, the appellant's counsel submits an Amended Motion to Reinstate Appeal, as follows:

- The appellant acknowledges the original petition had an additional "0" added to the assessment amount shown in the petition and contends all other requirements for the petition were met.
- After receiving the 07/09/2026 notice of the dismissal, the appellant's attorney discovered that the 05/14/2026 incomplete notice email was inadvertently directed into an archive folder and was not seen by the attorney. The attorney contends that if the email had been seen, the notice would have been downloaded using the link provided and the petition would have been corrected as instructed.
- The appellant's attorney acknowledges receipt of the 07/09/2026 dismissal notice, which was not forwarded to an archive folder.

Appellants' Motion for Subpoena Duces Tecum

On 07/31/2026, the appellants submit a Motion for Subpoena Duces Tecum, requesting a subpoena for the production of documents from the owner, as follows:

- PTAB has authority to issue a subpoena under Sections 16-170 and 16-175 of the Property Tax Code. Section 1910.68 of the PTAB's rules sets out the requirements for the issuance of a subpoena. The PTAB favors full disclosure and voluntarily exchange of information by the parties.
- The motion includes a list of 21 categories of documents for which a subpoena is requested.
- The motion was filed with a certificate of service on Courtney Harvey Pastnak and Kevin P. Burke, of Smith, Hemmesch, Burke & Kaczynski, the attorneys for the owner identified in the correspondence attached as exhibits to the motion, on 07/31/2026 by UPS Overnight delivery service.
- The appellants requested documents from the owner pursuant to Section 1910.79 of the PTAB's rules and requested an inspection of the subject pursuant to Section 1910.94 of the PTAB's rules (Exhibit A to the Motion). The owner rejected the requests as premature (Exhibit B to the Motion).

- After further discussions with the appellants, the owner again rejected the requests. The appellants contend their informal efforts have not been successful and believe further attempts would be futile.
- In an affidavit from the appellants' appraiser (Exhibit C to the Motion), the appraiser asserts the requested information is relevant and material to the development of the appraisal, including determining the composition, configuration, nature, and utility of the subject's improvements; the capacity, condition, and operation of the refinery; the subject's historical income and expenses; and the subject's economic utility and obsolescence. The appraiser stated that he participated in efforts to obtain the requested documents from public and subscription sources and incorporated the information obtained from these sources into the appraisal.
- The appellants state they have met the requirements of Section 1910.68 by identifying the documents sought and the material facts to be proved and submitting an affidavit of their appraiser. The requested documents are uniquely within the taxpayer's possession and necessary for a reliable estimate of value. The appellants exercised due diligence by obtaining some information from public sources.
- Alternatively, if the request for subpoena is denied, the appellants request an order barring the taxpayer from presenting evidence to refute the appellants' evidence under Section 1910.94 of the PTAB's rules. The appellants also seek guidance from the PTAB on the timeliness or prematurity of their requests.

Appellants' Request for Extension of Time to File Evidence and/or Brief

On 08/19/2026, the appellants submitted a Request for Extension of Time to File Evidence and/or Brief seeking an additional 90-day extension, as follows:

- Their appraisers need more time to complete the appraisal. The appellants submitted the same affidavit of their appraiser that was attached to the Motion for Subpoena Duces Tecum.
- The appellants are reviewing a large volume of records concerning the subject property and are seeking additional documentation for the preparation of the appraisal.

PDV Midwest Refining LLC's Objection

On 08/21/2026, PDV Midwest Refining LLC filed its objection, as follows:

- It clarifies that it is not currently a party to this appeal and that this objection is for the sole purpose of objecting to the subpoena request as permitted by Section 1910.68(c), allowing a subpoenaed party to file a response challenging the issuance of a subpoena.
- It acknowledges it is the owner of the subject property and acknowledges the appellants requested documents and inspection. The owner further responded to the requests in additional correspondence not submitted by the appellants (Exhibit A to the objection).
- The subpoena request is improper under Section 1910.64(b) of the PTAB's rules, which does not permit motions earlier than 15 days after the board of review receives the appeal. This appeal has not yet been transmitted to the board of review. The owner argues that it should not be required to participate in the appeal before the appellants have met their initial burden of going forward under Section 1910.63(b).
- Section 1910.79 provides for "full disclosure of all relevant and material facts prior to hearing." The owner contends this appeal is not ready for hearing. Moreover, this Section encourages

"voluntary exchange by the parties." This appeal has only one party, and the PTAB has not yet notified the owner of the appeal.

- The requirements of Section 1910.68(a) have not been met. The appellants' appraisers prepared a 2024 tax year appraisal without any information or access provided by the owner. The 2024 appraisal developed all three approaches to value, had no hypothetical or extraordinary assumptions, contained a detailed description of the subject, and included financial information for the subject.
- The appellants' requests are overly broad and it would be unduly burdensome for the owner to participate in discovery and expend resources in a proceeding to which it is not a party.
- The appellants overstate Section 1910.94 of the PTAB's rules in requesting that the owner be barred from refuting, discrediting, or disproving any of their evidence. Section 1910.94 is limited to a physical inspection and may bar only evidence regarding a description, physical characteristics, or condition of the subject.
- The owner questions why the appellants did not request an inspection for their 2024 appraisal (except submitted as Exhibit B to the objection), when the subject was previously inspected in 2014. Section 1910.94 is not applicable at this stage of the proceeding.
